

An aerial, high-angle view of a superyacht's deck at night. The deck is illuminated with warm, golden light, contrasting with the dark blue of the night sky and the yacht's hull. The view shows multiple levels of the deck, including a large open area with a circular hot tub in the center, surrounded by railings and stairs. The yacht's structure is visible, with various platforms and walkways. The overall atmosphere is one of luxury and exclusivity.

# MARINE CONSERVATION

---

**"Star of the Sea"** partners the ***International Seakeepers Society*** to promote marine conservation.

The International SeaKeepers Society is a non-profit organization focusing on the health of the world's oceans and climate. SeaKeepers works with the boating and yachting community to take advantage of their unique potential to further marine research and raise awareness about our oceans' issues. The

International SeaKeepers Society acts as a global catalyst working with governments, scientists, industry, and other marine organizations to further its mission and to support sensible, achievable marine protection and restoration.

Part of our revenue will be contributed to conserving marine life, providing educational resources and oceanographic research, thereby ensuring the future well-being of our oceans.
