MARINE CONSERVATION

"Star of the Sea" partners the *International Seakeepers Society* to promote marine conservation.

The International SeaKeepers Society is a non-profit organization focusing on the health of the world's oceans and climate. SeaKeepers works with the boating and yachting community to take advantage of their unique potential to further marine research and raise awareness about our oceans' issues. The International SeaKeepers Society acts as a global catalyst working with governments, scientists, industry, and other marine organizations to further its mission and to support sensible, achievable marine protection and restoration.

Part of our revenue will be contributed to conserving marine life, providing educational resources and oceanographic research, thereby ensuring the future well-being of our oceans.
